

# *Springtime Dance Celebration*

## *Dances for Fertility and Abundance*

Sunday, May 31, 2009  
5 – 9 pm

- Wake up the earth from its wintry slumber
- Offer what is life-giving within you to benefit the earth
- Dance for a fertile growing season
- Celebrate community
- Plant seeds of joy and cultivate abundance

**Our evening will include traditional dances from the Balkans to Armenia specifically about spring planting and invoking a fertile harvest.**

**Contemporary dances in the same spirit reflect our evolving tradition. Our location in the springtime, private garden of Barbara and Michael, will inspire and delight us.**

**Every dance is taught first. If you can walk you can do these dances. Newcomers and beginners always welcome.**

Twin Circles Sacred Circle Dance is a community that dances with the intention of connecting fully to the dance, and through the dance deepening our connection to each other, the earth, and the sacred mystery that holds us all.
